By California Guy I just bought this today. The thing about Thailand is there are 1,001 things to do and see. Jim Algie is a 20+ year expat who has put his time on the ground and in the provinces. The fact that he can play bass guitar and has ridden a water buffalo is a bonus. I'm looking forward to reading his recommendations as I return to Thailand for my 14th extended stay. This is a good, compact travel guide written by a travel pro.

About the Author Jim Algie has visited more than 50 provinces in Thailand in over nearly two decades of living there. In travel experiences he has run the gamut from scuba-diving and rock-climbing to kayaking off the coast of Krabi (and nearly drowning), learning how to hunt for red ant egg nests (a delicacy in the northeast), and trawling with Thai-Muslim fishermen down south. These experiences underlie many of the stories and guidebooks he has written, as well as his nonfiction collection of features about the country's stranger side, *Bizarre Thailand: Tales of Crime, Sex and Black Magic*. For the past decade he has been daylighting as the editor of some of the country's top travel magazines and working on a freelance basis with the Tourism Authority of Thailand.
