John Villani : The 100 Best Art Towns in America: A Guide to Galleries, Museums, Festivals, Lodging and Dining, Fourth Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised The 100 Best Art Towns in America: A Guide to Galleries, Museums, Festivals, Lodging and Dining, Fourth Edition:

0 of 0 people found the following review helpful. Good DescriptionsBy Cindy AtwellNice portable, easy to hold size paperback. It Was what it advertised to be; listed 100 art towns; varying amounts in most every state (maybe every state). It does give a nice background of the towns and the names of the art galleries and venues. Short and to the point which is nice. The only thing that threw me was that I had expected a list of towns with numerous art galleries. Many of the towns were more focused on theater or dance/ballet or even children's art venues; which I know is art but maybe a different title that tells you that.0 of 0 people found the following review helpful. Great finds for short vacationsBy Roger DutschkeGreat finds for short vacations across the US. Using this book we have chosen trips to LaJolla California stayed at a great small hotel there - The Grande Colonial - the chef is outstanding prices manageable. Then Santa Fe and then Sarasota FL and the nearby beaches also were great. Terrific little getaways for lovers of accessible art crafts as well as well chosen accommodation choices restaurants.13 of 14 people found the following review helpful. Splendid guide to art in small-town AmericaBy Oregon Art LoverWhen I first bought John Villani's book, my wife said, "How cool is this...a vacation planner for the art-minded!"That's exactly what it is: a summary of what there is to see and do in 100 wonderful arts communities across the US and Canada. The author has gathered information about art galleries, art festivals, restaurants, musical events, and live theater to produce a unique compendium, distilling the essence of each town's character. To guide the reader to the best, Villani ranks the top 10 towns of under 30,000 population, along with the top 10 larger towns of 30,000 to 100,000.Any summary of so many towns must of course must leave some things out. Local partisans may miss seeing a favorite restaurant listed in this book, or a theater, or a well-known gallery. Others, with equal home-town loyalty, may dispute Villani's rankings.But this is all beside the point: this book is a splendid guide for visitors, providing enough information to plan a trip or sample a new art venue. Travelers will discover their own delights and favorite places in each of these fine art towns. Villani's book will reward the adventurous with a taste of rural America unlike any other.

Discover creative communities, fresh air, and ideal getaways. Whether you're looking for a great place to buy a painting on a weekend road trip or an inspiring and beautiful community in which to start a new life, *The 100 Best Art Towns in America* puts you on the right track. New Mexico author John Villani details all you need to know from a town's lifestyle to interesting places to dine and must-do art festivals written from the perspective of the nation's top arts travel writer. The communities profiled in this fourth edition of *The 100 Best Art Towns in America* range in size from under 1,000 to nearly 100,000 in population, but all have one thing in common: a strong sense of support for the visual arts, performing arts, and music. These communities are at the vanguard of an important national trend that's leading to the revitalization of smaller communities through arts-driven economic development. Essentials include:
Visual arts venues
Performing arts events
Wining dining
Accommodations
Population
