From Atlantic : The Amundsen Photographs before purchasing it in order to gage whether or not it would be worth my time, and all praised The Amundsen Photographs:

0 of 0 people found the following review helpful. great picturesBy MBThis is a very nice book with lots of interesting pictures.We have enjoyed the book and it s attractive n the table.0 of 0 people found the following review helpful. This is a wonderful collection of photographs from several of the expeditions led ...By tbs23This is a wonderful collection of photographs from several of the expeditions led by Roald Amundsen, both in the Arctic and Antarctic. Amazingly, they were found by accident and saved from being thrown away.The seller was very helpful with my questions and I actually found the book to look even better than I was expecting.0 of 0 people found the following review helpful. Five StarsBy CustomerThese rare photographs of the explorations of the famous North and South Pole Explorer Amundsen are a treasure.

A serendipitous discovery in 1986 by the widow of the great Norwegian explorer's nephew uncovered the glass "lantern slides" taken by Amundsen and his cohorts on Amundsen's three most important expeditions: through the Northwest Passage in 1903; the triumphant 1911 attainment of the South Pole; and along the Siberian Coast and through the North East Passage in 1918. The 100 photographs in this handsome book comprise a unique panorama of shipboard life, crews, natives, sled dogs, equipment, and the overland treks. There is a brisk, informative text. A blend of "immediacy, artlessness, and authenticity," comments Huntford.

From Library Journal A serendipitous discovery in 1986 by the widow of the great Norwegian explorer's nephew uncovered the glass "lantern slides" taken by Amundsen and his cohorts on Amundsen's three most important expeditions: through the Northwest Passage in 1903; the triumphant 1911 attainment of the South Pole; and along the Siberian Coast and through the North East Passage in 1918. The 100 photographs in this handsome book comprise a unique panorama of shipboard life, crews, natives, sled dogs, equipment, and the overland treks. There is a brisk, informative text. A blend of "immediacy, artlessness, and authenticity," comments Huntford. Recommended. Jerry Maioli, Western Lib. Network, Olympia, Wash. Copyright 1988 Reed Business Information, Inc.
