Nicholas Awde, Putros Samano : The Arabic Alphabet: How to Read Write It before purchasing it in order to gage whether or not it would be worth my time, and all praised The Arabic Alphabet: How to Read Write It:

0 of 0 people found the following review helpful. This book is so helpful. I am using it ...By CustomerThis book is so helpful. I am using it in conjunction with another course and its really helping me to understand how to read, but also how to pronounce correctly.0 of 0 people found the following review helpful. Arabic Translation book and language

learning. By James B. This appears to be a "simple" and "easy" to understand book. I hope it will help me to accurately translate Arabic. 0 of 0 people found the following review helpful. ... Arabic course 3 times now and this is really perfect for what it is - teaches the script and ... By BGDI've taught a little intro to Arabic course 3 times now and this is really perfect for what it is - teaches the script and gives a fabulous overview of the Arabic language. Really janky font/printing, but doesn't interfere from the good content.

Ever larger numbers of people are starting to learn Arabic, while even more have some contact with the Arab world. Anyone who wishes to learn the language faces a hitherto formidable initial problem: the alphabet. This book proceeds step by step through all the letters of the Arabic alphabet, showing the sounds they stand for and how they are combined into words. Nothing essential is left out, but no unnecessary complications are added. Readers will find that progress is rapid and will be surprised at the relative ease with which they master the first steps in learning this increasingly important world language. *The Arabic Alphabet: How to Read and Write It* belongs on the desk of every student of the language, in the luggage of every visitor to the Middle East, in the briefcase of all business people with Arab clients, and in the back pocket of all employees of British or American companies working for a time in an Arab country.

'Demonstrates the letters in easy-to-follow, stroke by stroke diagrams. Excellent value.' *Library Journal*
About the Author
Nicholas Awde was born in London in 1961 and spent much of his childhood in Africa. He studied Arabic at London University.
