I was pleasantly surprised! It's not full of the average Brazilian hot spots that everyone and their mother will visit, but instead some lesser-known locations. It's like the book is your own personal tour guide. The book is cheap, too, so if you're planning a Brazilian vacation in the near future, I'd suggest picking this one up!0 of 0 people found the following review helpful. It starts with the must see attractions in Brazil. It also lists some of the best picks for where to eat with locations, operating hours, and price range. It lists shopping sites to look out for and best beaches to visit. This book is informative, easy to read, and useful.
