Lonely Planet : The Best Things in Life are Free (Lonely Planet) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Best Things in Life are Free (Lonely Planet):

0 of 0 people found the following review helpful. One StarBy Carol C. WestNot good, very shallow and no details. Donated it first thing to goodwill. no effort.0 of 1 people found the following review helpful. The best travel fix for your wanderlust!By AdoraMeowI first saw this book at Urban Outfitters and immediately fell in love! I love that this book takes you away from the complete mainstream tourist destinations and adds some underrated areas since the theme of the book is to save money! This way, you can learn about the lesser known options of the area you want to visit. It's a really good size- not too heavy and not too short- so you can bring it on your trips with a solid starting point for your vacation. This book doesn't cover that many countries however, and I wish there were more cities (ie there's much more to Japan than just Tokyo). I don't recommend this for a complete day by day travel guide, but more as something to gloss over when deciding where you want to go for a trip, and maybe when you're at your destination for

some extra inspiration. Overall this is my favorite travel book ever and I hope I can bring this around the world with me!!PS I'm not a fan of the cover (yellow isn't my aesthetic), so if you feel the same I recommend making your own book cover for this book to add your own touch! I used a paper bag and decorated with a stationary envelope.0 of 0 people found the following review helpful. Five StarsBy Laura RayThis book gave me a lot of great ideas.

Lonely Planet's *The Best Things in Life are Free* is packed full of money-saving tips, tricks and recommendations for the best-value sights and experiences around the world. From parks, museums and exercise classes that are free, to insider ideas on food and experiences offered at great value, this book features over 60 major cities around the world and promises to help any traveller on a budget to make the most of their trip. Includes parks and gardens, street markets and food trucks, viewing points, museums and galleries, free experiences, spectator sports, city beaches, and much more. For many, free and cheap things are not only appealing but essential for stretching the funds to last as long as possible for an extended journey. Yet, even on a short trip, many unforgettable blasts of freedom and discovery can happen on a thin budget. You quickly realise that cheap can mean much, much better. No fancy Roman trattoria dinner can truly rival the bread and cheese picnic in Villa Celimontana, a short walk from the Colosseum, on a visit to the Eternal City. Needless to say, the monetary value implied in the term 'free' can misrepresent what's on offer within these pages. The quality of an experience, after all, is not always attached to a price tag, such as the priceless experience of unearthing the world's secret wonders, whether that's swimming around Sydney's ocean pools or strolling the tombs and monuments of Delhi's Lodi Gardens. Additionally, it's an exaggeration to say that everything good is 100% free, so you'll find plenty of excellent value cheap things to experience throughout this book as well. Dip into your spare change for classy street food like a choripn (chorizo sandwich) in Buenos Aires, the best views of Hong Kong's skyline from the Star Ferry and a Boston brewery tour. After using the tips in this book, you'll be left with great memories, a happier you and a grateful wallet.Happy travels!
