before purchasing it in order to gage whether or not it would be worth my time, and all praised The Book of Floating: Exploring the Private Sea (Consciousness Classics):

2 of 2 people found the following review helpful. Highly recommended for floaters and especially skeptical would be

floaters. By Curious searcher A comprehensive book that covers all aspects of the float tank and its very real benefits. 2 of 2 people found the following review helpful. Five Stars By Adam EXCELLENT read. Covers much more than just sensory deprivation tanks. Very relevant 3 of 3 people found the following review helpful. FLOAT YES RVABY Customer Just what I was hoping this experience would be. Good to find researched material on the physiological effects of floating.

A thorough and absorbing summary of the healing and therapeutic uses of the floatation tank invented by Dr. John C. Lilly, the celebrated neuroscience researcher.
